
What types of make-up formulas can you create?

Blush – loose powder
Bronzer – loose powder
Bronzer - stick
Concealer - stick
Contouring – loose powder
Contouring – stick
Eyebrow gel – clear and coloured
Eyeliner
Eyeshadow – loose powder
Foundation – crème set
Foundation – BB cream
Foundation – liquid, water based
Foundation – liquid, oil based
Foundation – loose powder
Highlighter – loose powder
Highlighter - stick
Lip & cheek stain/tint
Lipgloss
Lipstick
Mascara
Tanning product with various bronzers
Translucent powder

What types of ingredients can you select from?

Active ingredients

Beta-glucan

Bisabolol

Ceramide complex CLR (Aqua, phospholipids, sphingolipids)

Coenzyme Q10 (liquid)

Epilobium fleischeri extract (Alpa Flor Alp-Sebum)

Griffonia lysate advanced

Honey powder

Hyaluronic acid

Hyaluronic acid, oleo-HA (oil soluble form of hyaluronic acid)

Mushroom extract (Reishi and Shiitake mushroom extract ferment filtrate)

Palmitoyl tripeptide-5

Panicum millaceum seed extract (Liftonin)

Pearl powder

Tetrahexyldecyl ascorbate (oil soluble form of vitamin C)

Vitamin B3 (Niacinamide)

Vitamin B5 (Panthenol)

Vitamin C - Ascorbyl glucoside (AA2G)

Wrinkle Blur (Dimethicone/Vinyl Dimethicone Crosspolymer, Silica)

Antioxidants (to protect the formula)

Rosemary extract - resinous

Tocopherol - d-alpha 50%

Tocopherol - d-alpha 70%

Tocopherols - mixed

Binders

Magnesium myristate

Magnesium stearate

Zinc stearate

Chelating agents

Disodium EDTA

Sodium phytate (Dermofeel PA-3)

Tetrasodium EDTA

Colourants

Chromium oxide green

Iron oxide black

Iron oxide red

Iron oxide yellow

Mica beige

Mica blackstar red

Mica bronze

Mica carmine red

Mica cinnamon

Mica diamond sparkle

Mica fine silver

Mica gold

Mica light blue

Mica magenta

Mica majestic green

Mica pearl white
Mica purple sky
Mica sappan red
Mica sugar blush
Mica walnut brown
Red No. 6 D&C lake
Red No. 7 D&C lake
Red No. 21 D&C lake
Red No. 27 D&C lake
Red No. 28 D&C lake
Red No. 40 FD&C lake
Ultramarine blue
Ultramarine pink
Titanium dioxide
Zinc oxide

Consistency factors

Beeswax
Candelilla wax
Carnauba wax
Cera bellina wax (Polyglyceryl-3 beeswax)
Hydrogenated vegetable oil
Lecithin
Microcrystalline wax
Ozokerite
Rice bran wax
Synthetic wax

Emulsifiers

Arachidyl Alcohol, Behenyl Alcohol, Arachidyl Glucoside (Montanov 202)

Beeswax beads

Cera bellina wax (Polyglyceryl-3 beeswax)

Cetearyl Alcohol (Lanette O)

Cetearyl Alcohol, Cetareth-20 (Emulgade 1000 NI)

Cetearyl Alcohol, Cetearyl Glucoside (Montanov 68/Emulgade PL68/50/ SugarMulse)

Cetearyl Alcohol, Polysorbate-60 (Emulsifying wax NF)

Cetearyl Oliviate, Sorbitan Oliviate (Olivem 1000)

Cetearyl wheatstraw glycosides, Cetearyl alcohol (Xyliance)

Lecithin

Glyceryl Stearate (Cithrol GMS N/E)

Glyceryl Stearate Citrate (Dracorin CE)

Glyceryl Stearate, PEG-100 Stearate (Cithrol GMS A/S)

Glyceryl stearate, Polyglyceryl-6 palmitate/succinate, cetearyl alcohol (Natragem EW)

Glyceryl Stearate SE (Cithrol GMS S/E)

Sodium Stearoyl Glutamate (Eumulgin SG)

Stearic acid

Sorbitan Isostearate, Polyglyceryl-3 Polyricinoleate (Arlacel 1690)

Sorbitan oleate, polyglycceryl-3 polyricinoleate (Arlacel 1689)

Sorbitan olivate (Olivem 900)

Sorbitan Stearate (Liposorb S)

Gums/polymers

Acacia & xanthan gum (Solagum AX)
Caesalpinia spinosa gum (Solagum Tara)
Carrageenan gum
Guar gum
Hydroxyethylcellulose
Sclerotium gum
Xanthan gum
Xanthan gum, lecithin, sclerotium gum, pullulan (Siligel)

Herbal extracts

Arnica extract - glycerin
Bearberry extract - glycerin
Bilberry extract - glycerin
Bladderwrack extract - glycerin
Blue lotus extract – butylene glycol
Calendula extract - glycerin
Camu camu extract – glycerin
Carrot extract - glycerin
Chamomile extract - glycerin
Chondrus crispus extract - water
Cranberry extract - glycerin
Cucumber extract - glycerin
Davidson plum extract - glycerin
Echinacea extract - glycerin
Edelweiss extract - glycerin
Ginkgo leaf extract - glycerin

Ginseng extract - glycerin
Goji berry extract - glycerin
Gotu kola extract - glycerin
Grapeseed extract - glycerin
Green coffee extract - glycerin
Green tea extract - glycerin
Harakeke extract - glycerin
Hibiscus extract - glycerin
Horsetail extract - glycerin
Kakadu plum extract - glycerin
Kawakawa extract - glycerin
Kumerahou extract - glycerin
Licorice extract - glycerin
Lilly pilly extract - glycerin
Mango flower extract - glycerin
Mangosteen extract - glycerin
Manuka extract - glycerin
Marshmallow extract - glycerin
Mountain pepper berry extract - glycerin
Olive leaf extract - glycerin
Passionflower extract - glycerin
Pine bark extract - glycerin
Pomegranate extract - glycerin
Poroporo extract - glycerin
Portulaca extract - glycerin
Quandong extract - glycerin
Rosemary extract - glycerin

Seabuckthorn extract - glycerin

Tamarind extract - glycerin

Tomato fruit extract - glycerin

Totara extract - glycerin

Turmeric extract - glycerin

White mulberry extract - glycerin

Hydrosols & water alternatives

Aloe vera juice

Chamomile (German) hydrosol

Cucumber water

Douglas fir hydrosol

Lavandin hydrosol

Lavender hydrosol

Lemon scented tea tree hydrosol

Manuka hydrosol

Neroli hydrosol

Passionfruit water

Rose hydrosol

Rosemary hydrosol

Tea tree hydrosol

Vanilla hydrosol

Watermelon water

Witch hazel hydrosol

Humectants

Glycerin

Hydroxyethyl urea (Hydrovance)

Propanediol

Propylene glycol

Oils and butters

Acai oil

Almond oil

Andiroba oil

Apricot kernel oil

Argan oil

Avocado oil

Bacuri butter

Baobab oil

Blackcurrant oil

Borage oil

Brazil nut oil

Buriti oil

C12-15 Alkyl Benzoate

C13-15 Alkane (Hemisqualane)

Camelia oil

Caprylic/Capric Triglycerides (Myritol 318)

Castor oil

Cocoa butter

Coco-Caprylate (Cetiol C5)

Coconut oil

Cottonseed oil

Cupuacu butter
Cyclomethicone/Cyclopentasiloxane
Dimethicone 100cps
Dimethicone 350cps
Dimethicone 500cps
Dimethicone 1000cps
Evening primrose oil
Grapeseed oil
Hemp Seed oil
Hydrogenated polyisobutene
Isododecane
Isoeicosane
Isopropyl myristate (Crodamol IPM)
Isostearyl alcohol
Jojoba oil
Kokum butter
Kukui nut oil
Lauryl laurate
Macadamia oil
Mango butter
Marula oil
Meadowfoam oil
Moringa oil
Murumuru butter
Oleyl oleate
Olive oil
Pomegranate seed oil

Poppy seed oil

Pracaxi oil

Red raspberry oil

Rosehip oil

Safflower oil

Sea buckthorn fruit oil

Shea butter

Soya bean oil

Squalane

Sunflower oil

Tamanu oil

Triglyceride blend (caprylic/capric/myristic/stearic acid)

Tropical butter blend (shea, tamanu, monoi, coconut, babassu, cupuacu, murumuru)

Ucuuba butter

Watermelon oil

Wheatgerm oil

Powders

Arrowroot (tapioca)

Boron nitride

Hydrated silica

Kaolin clay

Mica

Nylon-12

Rice powder

Preservatives

Benzyl Alcohol, Salicylic Acid, Glycerin, Sorbic Acid (Geogard ECT)

Dehydroacetic acid, benzyl alcohol (Geogard 221)

Diazolidinyl urea, iodopropynyl butylcarbamate, propylene glycol (Liquid germall plus)

Naticide

Phenoxyethanol, caprylyl glycol (Optiphen)

Phenoxyethanol, Ethylhexylglycerin (Euxyl PE9010)

Stabilisers – oil soluble

Acticire (Jojoba esters, mimosa flower wax, sunflower seed wax, polyglycerin-3)

Hectorite gel soft
